## WORK EXPERIENCE

---

### GlobeMed at Berkeley | Dhulikhel, Nepal

Co-President

April 2020–June 2022

- Directed Executive Board and chapter meetings. Provided team with vision, support, and guidance by creating a yearly strategy.
- Liaised with Global Headquarters to report chapter progress through monthly coaching calls.

Grassroots On-Site Work (GROW) Trip Intern 2019

September 2018–July 2019

- Designed and executed interactive programs at 3 elementary schools on water, sanitation, and hygiene (WASH); nutrition; and menstrual health, including the creation of lesson plans and supplemental flyers.
- Distributed water filters to 80 families following verbal assembly instruction. Distributed menstrual kits to 75 students. Installed ceramic water filters in residential homes and collected demographic data using a survey designed to assess residential WASH practices via CommCare software in 80 households.

### Biology 1AL (General Biology Laboratory) Instruction Team | Berkeley, CA

Intern

January 2022–May 2022

- Created formal weekly presentations covering laboratory procedures and demonstrations to deliver to a class of 28 students.
- Assisted in overall laboratory proceedings during section, encouraged active student participation, and responded to student questions regarding biological concepts and procedures. Proctored and drafted sample questions for laboratory examinations.

### American Red Cross National Youth Council | Washington, D.C.

Vice-Chair, Executive Committee

July 2019–June 2021

- Developed processes for strategic communications to manage 12 youth Council Members, including online project management tools to track progress of OKRs and drive impact toward yearly goals. Delegated projects among individuals or ad hoc groups.
- Worked directly with National Headquarters corporate staff and regional leadership to leverage cross-functional initiatives across Red Cross lines of service, secure opportunities for speaking engagements, and champion executive visibility for youth leaders.
- Partnered with the 7-member National Collegiate Assembly (NCA) to strengthen the relationship between the national network of collegiate Red Cross Clubs and promote active networking and professional opportunities for young adult volunteers.
- Roadmapped and coordinated new Member and Advisor application, interview, selection, and onboarding processes.

Youth Consortium Call Lead, Field Relations Working Group

July 2018–June 2019

- Led monthly conference calls for over 150 Youth Engagement Leads, Volunteer Engagement Specialists, Regional Volunteer Service Officers, and other youth champions and partners. Facilitated group discussion to share pain points, best practices on technical approaches, and align the volunteer/user journey and experience with business needs.

## RESEARCH

---

### University of California, San Francisco (UCSF) Spine Center | San Francisco, CA

Clinical Research Intern

April 2021–May 2022

- Administered weekly pre- and postoperative patient outcome questionnaires for submission to the American Spine Registry.
- Collected laminoplasty measurements via x-ray imagery analysis. Reviewed medical records for entry into department database.

### Asian American and Pacific Islander Health Research Group | Berkeley, CA

Coordinator, Cohort 13

May 2020–May 2021

- Facilitated Asian American Studies 198, a student-run fall semester course focused on developing interdisciplinary research skills for each of 9 incoming student researchers to coordinate independent projects. Oversaw 3 community service project teams.
- Designed curriculum for Asian American Studies 190, a brand new 4-unit experimental Seminar on Advanced Topics in Asian American Studies course, entitled "Asian American, Native Hawaiian, and Pacific Islander Community Health: Foundational Theories & Contemporary Issues." Co-facilitated classroom lectures and discussions for 30 students.
