## EXPERIENCE

---

### Business Insider | Data Fellow

June 2022 - Present

- Report [breaking, general and enterprise](#) stories on the data and politics desks
- Clean up and analyze datasets for data-driven stories across [different desks](#)
- Assist in creating bots for the newsroom to deliver efficient, timely responses to reporters' queries

### Crosstown | Data Reporter

Feb 2022 - May 2022

*Worked at a non-profit news organization funded by the Facebook Journalism Project covering hyperlocal news on issues such as crime, traffic and housing. Appeared on [air](#) and quoted in the [Los Angeles Times](#).*

- Cleaned and formatted datasets using Python, SQL and Excel and visualized data using Datawrapper and QGIS
- Reported enterprise data stories on [crime](#), [housing](#) and [more](#) in Los Angeles at a sustained neighborhood level
- Filed public records requests from government agencies, such as the Los Angeles Police Department

### Annenberg Media | News Editor

Jan 2022 - May 2022

- Assigned stories, polished pitches and led a evening news team of four in a newsroom with over 400 journalists
- Edited, fact-checked and oversaw breaking news, features, and handovers from the day through publication
- Made editorial decisions with managing editor to publish on deadline

### Copyeditor

Jan 2022 - May 2022

*Competitively selected to co-lead the new copyediting and style effort in the newsroom.*

- Proofread and fact-checked stories and reviewed text to correct errors in spelling, grammar and punctuation
- Refined stories to improve clarity and readability
- Adhered to editorial style rules and Diversity, Equity, and Inclusion guidelines of the newsroom

### Multimedia Journalist

June 2021 - May 2022

- Reported extensively on [local](#), [national](#) and [international](#) news
- Reported on redistricting and the [effects](#) it has on the region's Asian community, as well as the [experiences of Korean Angelenos](#) during the L.A. Riots of 1992, part of which was picked up by [NBC News](#)
- Designed and built interactive multimedia elements using HTML, CSS and jQuery
- Produced content across [text](#), [video](#) and [audio](#) platforms
- Produced the second episode of a [podcast](#) in collaboration with the L.A. Human Relations Commission
- Created an [original social video](#) for YouTube: shot and edited video footage and recorded voiceover
